Product Description

ViewSonic 13.3 inch ViewBoard Pen Display provides a new normal for portable teaching devices. It is equipped with technology for 8,192 levels pen pressures with +60 tilt angle to display smooth and natural handwriting. With the pen you can convey blackboard handwriting and course contents more intuitively. It has full HD 1920x1080 high resolution and NTSC 88% color performance to display exquisite and accurate image qualities, its support of the Plug & Play function with Type-C one-cable input interface makes it easier and more convenient to use, and its ultra-thin design with only 0.8kg weight and 7mm thickness makes it easier to carry. It is suitable for both educators and learners.
